

Dentons Canada

Medical Professionals Program

Grow | Protect | Operate | Finance

May 2023

We get it. While becoming a medical professional can be a rewarding career, the balance between running a practice and serving your patients can be a daunting task. When it comes to legal, **we've got you covered.** Designed for medical professionals, our Dentons Canada Medical Professionals Program gives you access to a world leading team of business advisors to get your practice started on the right track so you can focus on what you do best.

The Dentons Canada Medical Professionals Program is a package of legal services that provides medical professionals with an easy, complete solution from one of Canada's leading business law firms to get your Canadian practice up and running quickly! We provide boutique service within the framework of the world's largest law firm, providing you with cost efficient legal services that will scale with your career and practice.

What's included?

- Incorporation of professional corporation, including:
 - Get incorporated / organized.
 - File and prepare articles of incorporation.
 - Preparation of organizational documents such as issuance of shares, election of directors and adoption of by-laws.
- Creation of official minute book of professional corporation.
- Assistance with application to the Alberta College of Physicians and Surgeons (CPSA) for the permit required by the professional corporation.
- Review of employment contract or contractor agreement for new doctors joining an existing practice.
- An introductory document with respect to working with the CPSA and the Canadian Medical Professional Association (CMPA), including the required Standards of Practice guidelines.

Other services

- Acting as registered office for the professional corporation.
- Will, enduring power of attorney and personal directive.
- Medical Office Setup. Comprehensive guide checklist and templates to help you properly setup your office and practice operations.
- Introduction to provider of specialized insurance services for medical professionals operating through a professional corporation (if desired).

Eligibility

The Medical Professionals Program is specifically designed for medical professionals who are starting their career. For experienced practitioners, the Medical Office Setup package and other services such as family trust creation, investment due diligence, financing and other commercial matters are also available. Feel free to contact our team to discuss your needs.

Why Choose Dentons

Dentons is the world's largest law firm. Our legal and business solutions benefit from deep roots in our communities and award-winning advancements in client service, including Nextlaw, Dentons innovation and strategic advisory services. Dentons polycentric and purpose-driven approach, commitment to inclusion and diversity and world-class talent challenge the status quo to advance client and public interests in a rapidly changing world.

The Dentons Canada Medical Professionals Program gives you access to the Dentons platform and one of the country's most experienced legal teams. Our professionals have deep practical knowledge of the legal issues facing the health sector and regularly act for physicians, dentists, chiropractors, health tech companies, and academic and health institutions.
